

Katherine Harvey Fellows

Beginning with the end in mind... June 12th 2018

1. How does your problem area “fit” with your passions, worldviews, skill set?
2. What are your key learnings from “inside” the sector (*from exec directors, program folks, development specialists, end-customers of the various non-profits*)?
3. What are your key learnings from “outside” the sector (*board members, national organizations, public data sources*)?
4. What are the biggest surprises/unexpected insights you’ve experienced during your project?
5. Which “lenses” were most useful to your team? Why?
6. In what ways has this project expanded your network?
7. What specific ways will you use your KHF experience to make a difference in your problem area (*or more broadly in our community*)?
8. What’s different about you as a result of this Fellowship?
9. If you won a \$1M lottery prize, how would you invest in your problem area?
